

Pool Depth Declaration

This form must be completed by each club hosting a meet in the summer of 2019. This form is **REQUIRED** to complete the sanction process. **For indoor pools, return signed form no later than May 31/2019 or earlier if you are uploading meet package before May 31 and for outdoor pools complete and return asap after water is in the pool to: marjwalton@swimsask.ca or fax: 306 525-4009**

Name of Club: _____

Name of Facility: _____

As per the Swim Sask Club Affiliation requirements for 2019, your club has agreed to abide by the [Facility Rules & Guidelines of Swimming Canada](#) regarding safety standards and water depth.

Pool Measurements: (please see next page for measurement instructions).

The depth is to be at the start end of the pool, from the water level to the bottom of the pool, across the entire width (all lanes).

NOTE: If the posted pool depth is 2.0m or less then please measure for actual water depth; as we have learned that in some cases, is of the pool cell and not the water. If posted pool depth is 2.0m or above, then measure if you can but if that is not possible then please provide posted depth.

Complete all of the following 4 statements:

1. Water Depth at the start end, extending from 1.0 meter to 5.0 meters from the end wall is: _____ meters
2. Water Depth at the start end, extending from 1.0 meter to 6.0 meters from the end wall is: _____ meters
3. Water Depth at the turn end is: _____ meters
4. The width of the lanes are: _____ meters

Complete only one of the following: (if pool meets required depth to use starting blocks then option i)

- i. The height of starting platform is: _____ meter from the water surface.
- ii. The height of the permanent deck or bulkhead is _____ meter from the water surface.

Date and time measurements taken: _____
