HIGH PERFORMANCE SWIMMING POLICIES

Type: Competition

Name: Athlete Assistance Eligibility

Authority: High Performance Committee

Policy Number: HC-1

Date Approved: November 2002

Date Revised: April 2006, June 2009,
June 2017, Oct 2018,
Sept 2023

Reference: Sask Sport Policies; SSI Bylaws Art. 5; High Performance Policy HG-4

High Performance financial athlete assistance, or carding, will be awarded in a manner that is consistent with the stated purpose of the Performance Development Program. Disbursement of monies will be structured to achieve the following objectives:

1. Provide financial assistance for an improved athlete performance to help alleviate some of the increased expenses associated with high performance competitions and camps.
2. Provide an incentive for individual swimmers to succeed in multiple events at all levels of performance.
3. Provide an incentive to attain continuous improvement in long course swimming from peak competition to peak competition, and season to season.

To be eligible to receive Athlete Assistance, a swimmer must:

1. Be a registered swimmer with a Saskatchewan Age Group Winter Club by September 30th and
2. Must do the majority of their training in Saskatchewan with their Saskatchewan club, except for those away at a post-secondary educational institution (see below)
3. Will only be eligible for Athlete Assistance after competing for the Saskatchewan Club at competitions during either or both of the two Peak Performance windows (March & April and July & August).

Swimmers attending a post-secondary educational institution must meet **ALL** the following requirements to be eligible for Athlete Assistance:

1. Must be attending a post-secondary educational institution on a full-time or part-time basis.
2. Must return to a Saskatchewan Winter Swim Club and continue their regular training within 30 days upon completion of their schooling that year.
3. Swimmers that are registered with both a U SPORTS Varsity team and with a Saskatchewan club must represent a Saskatchewan club after the U Sports season is completed at Swimming Canada National meets or another meet of similar calibre (i.e. Far Western's).

Policy HC-1 continued....

Athletes that make the decision to leave the province of Saskatchewan to pursue their post-secondary education will not be eligible to receive athlete assistance for the time they are away (September 1 to April 30). However, upon the athletes return to their Sask Winter Club, athletes may request one third of their allocated athlete assistance for the months of May to August. If the athlete does not return to full-time training with a Saskatchewan club by May 15th, no athlete assistance funding will be provided for that athlete for that season.

Coach Requirements for Athlete Assistance:

1. To remain eligible for selection, a swimmer's coach must submit a seasonal training plan to the Provincial Coach by September 30th of each new competitive season outlining training and competition phases, training camps, and peak performance competitions. This plan will be used by the HPC as a timeline for delivering Athlete Assistance and organization of additional sport science support.
2. The seasonal training plan submitted to the Provincial Coach will clearly indicate the individual programming necessary to improve the athlete's performance. The HPC may withhold all athlete and coach support funding if a suitable plan is not received. If the plan is determined to be inadequate, the coach will work with the Provincial Coach to improve the plan to an adequate state. A coach's plan will not determine the amount of funding available to the selected swimmer (s).
3. To remain eligible, a swimmer's coach must confirm that the swimmer is in a full-time and competitive training program as defined by the swimmer's coach and approved by the Provincial Coach. This full-time training and competitive status must be maintained throughout the duration of the regular swim season.

Athlete financial assistance will be budgeted from monies provided by Sask Sport for that purpose. The program will be administered using criteria outlined in HC- 2. Athlete assistance monies will be awarded only for performances that meet the stated criteria.

If there is residual Sask Sport funding left in the Performance Development budget after allocation of all athlete carding required, the HPC has the authority to allocate remaining funds to the Performance Development Program as it sees fit.

Permitted uses of Athlete Assistance Funding

Athlete assistance funding is meant to be utilized by Swim Sask athletes to ~~offset~~ enhance athlete performance beyond the ManSask level, by offsetting the expenses associated with club/provincial/national team camps, national or continental performance competitions, or to assist with athlete educational, athlete rehabilitation, or training expenses above and beyond the club's daily training environment.

Unpermitted uses of Athlete Assistance Funding

As directed by Sask Sport, funding cannot be used for off-continent **events** (travel, camps, competitions, or activities).

This support funding is not meant to be used to pay for the swimmer's registration fees, swimsuits, Club invitational or typical Swim Saskatchewan/ManSask competitions.

Injury or Illness and Athlete Assistance

Swim Saskatchewan will consider nominating athletes for athlete assistance if they are found to be ill or injured during either of the peak performance windows. To be considered for an illness or injury nomination, an athlete must meet all of the following requirements:

1. The athlete must have received athlete assistance during the competitive season that they acquired the injury or illness.
2. The athlete and coach have reported the injury or illness in writing to the Provincial Coach within 30 days of the date of diagnosis or of the date when the athlete had to interrupt their training. A licensed sport medicine or medical practitioner must make any such signed diagnosis.

If Swim Saskatchewan nominates an athlete for athlete assistance while the athlete is injured, they will receive the same level of assistance they received the previous season at the time of the injury.

Any athlete receiving athlete assistance while injured or with an illness must report by the end of each month in writing to the HPC on their rehabilitation activity and progression. This must continue until such time as they are deemed fit and returned to full training. Failure to report on a monthly basis shall result in an athlete to return their athlete assistance in full to Swim Saskatchewan, and the loss of consideration for future season's assistance.

Swimmers may not be nominated for athlete assistance while injured or ill in successive athlete assistance cycles, meaning athletes may not receive assistance two seasons in a row while requesting consideration for injury or illness in successive seasons.

Withdrawal from competitive swimming within Swim Saskatchewan

An athlete that withdraws from competitive swimming prior to their final competition as outlined by their coach of record at the start of a given season, or wishes to transfer to another club outside of Saskatchewan during a competitive season prior to their final competition as outlined by their coach of record at the start of a given season, may be required to return to Swim Saskatchewan a portion or all of the athlete assistance received during the season which the withdrawal or transfer takes place. The HPC has full discretion to decide what financial portion to require from the athlete and may request additional information from the athlete's home program. Athletes required to return assistance will not be granted a transfer, and will not be eligible to compete within Saskatchewan, until the funding has been returned.

The Sports Medicine & Science Council of Saskatchewan (SMSCS) also provides Swim Saskatchewan with financial support dedicated to Enhanced Services to assist with athlete, coach, and club education in the following areas: Mental skills training, nutrition, biomechanics, exercise physiology and strength & conditioning. Athletes in a high enough tier may qualify for personalized education sessions, organized by the club's Head Coach and included in plans approved by the Provincial Coach.

Swim Saskatchewan will attempt to fund all identified athletes, **top down**, starting with those athletes ranked in the highest tier. Changes to funding provided through Sask Sport or through the Sports Medicine and Science Council of Saskatchewan, for athlete assistance and enhanced services respectively, may alter the fund amounts available at the various tiers both positively and negatively.

Tiers have been designated by Canadian Sport Centre Saskatchewan as well as Swim Saskatchewan for Olympic and Paralympic eligible athletes based on their long course performances from Olympic/Paralympic events only.

Olympic events are as follows:

50, 100, 200, 400, 800 & 1500 Free, 100 & 200 Back, 100 & 200 Breast, 100 & 200 Fly, and 200 & 400 IM for both men and women.

Paralympic Events will be defined as those specified for the Paralympic Games for each Sport Class.

Each tier represents a percentage away from a performance that would very likely see an athlete qualify for Swimming Canada Athlete Assistance.

The tiers are broken out below under "Prioritizing of Athlete Assistance Nominations", but the tiers have been labelled in performance order: "Canadian Podium", "Canadian Elite", "Canadian Development", and "Saskatchewan Development".

Policy HC-2 continued....

Process of Payment of Athlete Assistance

1. All eligible athletes who meet the criteria listed in HC-1 will be eligible for athlete assistance.
2. Only the fastest result in an event will be used for identification.
3. For Olympic stream athletes, the athletes age will be considered as of the end of each peak performance period (April 30 and August 31) of the current competition year. Event results will be expressed as a percent off the Swimming Canada’s On Track Times for the athlete’s corresponding age, and will be ranked according to the swimmers that are closes to being “On Track”.
4. For Paralympic athletes, using athlete’s sport class and event results, points will be generated using the Swimming Canada Paralympic Points Calculator and athletes ranked via the highest points.
5. Results for any athletes competing for Canada at an international competition that falls outside of the two peak performance windows will also be used.

Prioritizing of Athlete Assistance Nominations:

The budgeted funds in any given year will be allocated from the **top down** until the budgeted amount is reached to the last fully funded athlete. The priority for nominating swimmers who have met the assistance criteria is listed below in priority order regardless of whether Olympic or Paralympic.

Prioritization of Athlete Assistance

Priority	Performance Tier	Olympic:	Athlete
		On Track Points	Assistance
Priority 1	Canadian Podium	< 2.50%	\$5,000.00
Priority 2	Canadian Elite	<3.75%	\$3,000.00
Priority 3	Canadian Development	<5%	\$2,000.00
Priority 4	Saskatchewan Devel.	<6.25%	\$500

Priority	Performance Tier	Para S1 to S5:	Para S6 to S14:	Athlete
		Para Points	Para Points	Assistance
Priority 1	Canadian Podium	550+ points	650+ points	\$5,000.00
Priority 2	Canadian Elite	475-549 points	575-649 points	\$3,000.00
Priority 3	Canadian Development	400-474 points	500-574 points	\$2,000.00
Priority 4	Saskatchewan Devel.	325-399 points	425-499 points	\$500

Saskatchewan athletes that are selected by Swimming Canada to receive AAP carding will receive 50% of the eligible Provincial carding listed in chart above. Coaches may seek clarification from the Provincial Coach or Executive Director.

The HPC recognizes the additional financial expense incurred by clubs supporting nationally and internationally competitive athletes and their coaches. Coach-Club assistance funding will therefore be provided to clubs based on their highest athlete performance to help alleviate some of the financial expense incurred in supporting the coach-athlete tandem traveling to high performance training camps and competitions. The amount of coach-club assistance will be determined by the club's top performing athlete.

This funding will be provided to the club during the same window of time as athlete assistance is provided, as indicated in the coach's yearly training and competition plan.

Coach-club assistance will also be allocated to help offset the expense of supporting club staff to create and attend high performance initiatives. Clubs will receive the highest assistance possible based on the highest level of performance of a single athlete within their club. Coach-club assistance is not dependent on the number of athletes at a given level, it is a single allocation of support funding.

Priority	Performance Tier	Coach-Club Assistance
Priority 1	Canadian Podium	\$ 3,000
Priority 2	Canadian Elite	\$ 2,000
Priority 3	Canadian Development	\$ 1,000

If there is residual Sask Sport funding left in the Performance Development budget after allocation of all club assistance funding required, the HPC has the authority to allocate remaining funds to the Performance Development program as it sees fit.

As directed by Sask Sport, funding cannot be used for off-continent events (travel, camps, competitions, or activities).

The Performance Development Program is established for the purpose of developing Saskatchewan swimmers to their highest possible level. The Provincial Coach will be responsible for the Program which will be governed by the HPC. The requirements and criteria for the program are as follows:

1. Selection to Swim Sask Performance Development Program initiatives will be based on selection criteria developed by the Provincial Coach and distributed to the club coaches and published through the SSI website.
2. Athletes must be winter competitive swimmers in good standing when selected to a team or camp.
3. Athletes selected may be eligible to participate in program activities and may receive Athlete Financial Assistance for which they are eligible.
4. Selection of athletes will be made by the Provincial Coach and may be reviewed by the High-Performance Committee.
5. The announcement of swimmers selected to the Performance Development Program will be made public through the SSCA, the SSI website and social media.

Athletes selected to any Performance Development Team are required:

1. To submit the completed *Swim Saskatchewan Seasonal Athlete Agreement form* including an acknowledgement of the Code of Conduct and Harassment policy as required by Swim Saskatchewan.
2. To train at the highest applicable level in their home club. Regular attendance is mandatory.
3. To attend and participate in the following:
 - a. Members are required to attend Provincial and/or National LC Championships during the peak competition months of March/April and July/August
 - b. All Performance Development Team activities, testing programs, and training camps during the swimming year.
4. To submit reports as may be required by SSI.

Athletes are expected to attend the required meets or team designated activities as indicated above.

In the case of illness or injury (supported by a medical certificate), a sudden family emergency or financial problem, or any other uncontrollable circumstances, after the deadline, the SSI office must be notified immediately with cause by telephone or with written confirmation delivered to the SSI office or sent by e-mail.

If an athlete does not comply with the High-Performance Code of Conduct (Policy HC-6) and is sent home from an event, the athlete or parent will be responsible for the costs and may face further disciplinary action or removal from Swim Sask Performance Development team assistance and services.

Sept 2023

Reference: *Non-Profit Corporations Act* Div. IX, Sect. 109; SSI Bylaws Art.5;
Board Policy M-3 and M-5

In addition to the Swim Saskatchewan Code of Conduct and Harassment policy (Board Policy M-3), the High-Performance Athlete Code of Conduct is established to promote good sportsmanship, leadership and self-discipline by members of the Performance Development Teams. Adherence to the High-Performance Code of Conduct may require curtailment of personal privileges and liberties ordinarily enjoyed by athletes in their home environments. Swim Saskatchewan expects all athletes to accept restrictions to their personal privileges and liberties under the authority of team coaches, managers, or chaperones while participating in Performance Development Team activities. All swimmers selected to provincial Performance Development Teams will comply with the following Code of Conduct during all team activities, including training, travel and competition.

1. Swimmers will conduct themselves in a manner which reflects positively on themselves, their club, the team and the province.
2. Swimmers will treat other swimmers, coaches and officials with respect and courtesy at all times.
3. During a trip, swimmers will not leave the hotel, residence or pool without the permission of the coach, chaperone or team manager. When billeted, swimmers will not leave the billet's home without permission of the billet.
4. During a trip, swimmers will obey curfews as designated by the coach, chaperone or team manager.
5. Swimmers may not leave the delegation prior to completion of a trip, unless a request has been submitted to the team manager in writing and approved before departure for the event.
6. Swimmers will adhere to the dress code established for the team.
7. The use of tobacco, alcohol, marijuana and/or any substance prohibited by law under federal drug legislation is not allowed.
8. Swimmers will not engage in vandalism of any kind.

Policy HC-6 continued....

During team events and travel, responsibility for the safety and well-being of the athletes is assumed by the agents of SSI (the team coach(es), manager(s) or chaperone(s).) Athletes and parents will accept the authority of the agents of SSI to apply the High-Performance Athlete Code of Conduct and to make such rules as are necessary for the orderly conduct and general well-being of the team. The authority of the designated agents of SSI shall supersede parental authority for the duration of all team events.

A swimmer who is insolent, who disregards instructions from the coach, team manager, or chaperone, or who does not adhere to the foregoing rules of conduct may be summarily disciplined, by the coach, team manager or chaperone or other representative of SSI. Summary actions may include dismissal from the event.

A swimmer so disciplined must be told the nature of the infraction and must have an opportunity to provide information concerning the incident. In such situations, sanctions will be for the duration of the event only. Further sanctions may be applied. Dismissal from a team event shall not, in and of itself, constitute the complete discipline of an athlete for a serious breach of the HP Athlete Code of Conduct.

In the event that an athlete is dismissed from an event, such dismissal shall be at the cost of the athlete or the parents of the athlete, who shall be responsible for the safety and well-being of the athlete from the time the decision to dismiss the athlete has been communicated to the athlete and parents.

The team coach(es), manager(s) or chaperone(s) shall report any significant breaches of the Athlete Code of Conduct to the Provincial Coach in writing. Any incident that involves risk to the safety or security of any person, or loss or damage of property, must be reported. The Provincial Coach will ensure that such incidents are discussed by the HPC, who shall determine any consequences to be imposed upon the athlete(s) involved. Athletes will have the right of representation before the HPC prior to any decision to impose disciplinary consequences. Such consequences could include curtailment of participation in further team events or removal from the team.

If an athlete is aggrieved of a decision of the HPC in respect of discipline for breaches of the Athlete Code of Conduct, the matter shall be investigated according to the SSI Discipline and Complaints Policy (M-5). Subject to the right of appeal, all parties shall be governed by the decision of the Discipline Committee.

A coach, team manager, chaperone or other representative of SSI can take immediate, informal corrective action for behaviors that constitute a minor infraction of the Code of Conduct. Minor matters do not necessarily need to be reported to the Provincial Coach, however repetitive incidents should be documented and reported.

Coaches will be selected to Performance Development Team activities as defined in the published coach and staff selection criteria for each provincial activity.

Coaches will provide clubs with adequate notice of their selection to the coaching staff of the Performance Development Team activity and of their intention to participate.

Coaches involved in provincial initiatives will receive reimbursement for legitimate expenses in accordance with SSI policies. Coaches may receive a per diem in the event that coaches are not expected to eat with the team or attend a team function with athletes/staff.

Subject to the approval of the Provincial Coach, any coach, who may not have been selected to a team activity and is a registered coach in Sask in either a winter or summer club, must contact the Provincial Coach of their desire to attend a Performance Development Team activity, and if approved, may do so at their own or their clubs expense. This is to facilitate learning by all coaches.

All coaches who are selected and participate in Performance Development Team activities may be required to submit written reports about the activities to the Executive Director, for review by the HPC.

Coaches may be eligible for Coaches Association of Canada professional development points through provincial team activities and are encouraged to follow up with the SSI Executive Director to ensure activities are reported accurately.

Coaches who have been selected to Performance Development Team activities will be expected to set an example of coaching standards for their peers in the SSCA. Coaches will be expected to attend all training and competitive activities associated with that event, unless excused by the Provincial Coach or by SSI. Specifically, coaches will be expected to:

1. Demonstrate the highest possible standards of personal and professional conduct.
2. Adhere to and uphold amongst the swimmers the Code of Conduct and Harassment policy (Board of Directors policy M-3) of SSI
3. Assist the Team Manager as necessary for the orderly management of the team, including conducting spot checks of athletes' rooms to ensure compliance with the Code of Conduct.
4. Carry out the directions of the Provincial Coach or Activity Head Coach.
5. Remain with the swimmers until all swimmers have embarked on the final leg of their homeward journey. (This may mean that a coach will be sent with a portion of the team to a destination other than his/her final destination. In such a situation, the coaches additional travel expenses will be covered by SSI).
